Memorandum

Letter No. 1731 dated 8th October 1872 from the President Municipal Commission.

Section 46 of the Municipal Code of regulations published in the Government General Notification of 31st March 1871 sanctions the levy of a fee for registration of carts, and other vehicles, not exceeding Rupees 2 for each half year, and it concerns the case requisitioned by the President of the Municipal Board

2 But section 44 requires that the final sanction of the Government of India is necessary for the purpose.

3 In this letter the President mentions the conveyances therein referred to as jutkas carts without stating whether they are with or without springs. The jutkas Bandies whether drawn by Bullocks or Ponies are with or without springs

or formation may be called for

4 I beg leave to suggest that there should be two grades of license fee one for a gaddi drawn by a pony and the other for one worked with a Bullock. The rate of hire in the former case is larger and the President may with reference to this consideration graduate the scale of the fee for the registration of this description of conveyance

4/11/72.

The case must be returned to Govt. for revision, as falling under the provision of Sec: 44 of the Regn.

The President will be requested to specify if such cart are of the class without springs referred to in that section so as to assess the amount.
